

Azon Professional Level

Roll to Roll Solvent InkJet Printer

Azon Solvent AGX-3200

AZON[®]

Why Azon?

With Azon super wide printers, businesses can customize messaging, lower costs with short print runs and dramatically reduce production times for greater profit potential.

Azon offers excellent service and support. With an Azon printer you will receive factory training, applications assistance after installation, around-the-clock technical support and a host of other tools. Azon provides users with all the service, support and education needed to maintain productivity; both online, over the phone and in person - to make the most out of an investment in an Azon printer.

Azon inks are custom formulated for each Azon digital printer to provide the highest color quality, durability, performance, reliability and printer-to-printer consistency. Azon is dedicated to providing the best support in the industry. We have excellent technicians on staff that are highly trained and dedicated to taking care of your needs. If you prefer we will act as first-tier support and assist to the best of our needs.

With consistent color production on a wide range of traditional roll-to-roll substrates, companies can produce eye-catching banners and signage, outdoor advertising, vehicle graphics, wall murals, long-term indoor graphics and more.

Azon AGX-3200 is printing on a wide variety of substrates, including: pressure sensitive vinyl, paper, mesh and textiles.

The reliable Azon AGX provides around-the-clock dependability, making it ideal for producing consistent quality outdoor and indoor signs, point-of-purchase displays, exhibition and display graphics, posters and other super wide printing applications.

Industrial Productivity
Print on a Wide Variety of Materials
Outdoor Durable With Excellent Colour
